

BayBioMS „Advanced Mass Spectrometry Seminar“

Under the direction of

BayBioMS

baybioms@tum.de

www.baybioms.tum.de

When: Wednesday 18.01.2023, 5 pm

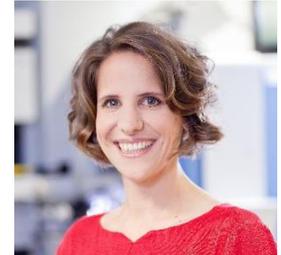

Where: IGZW, Gregor-Mendel-Str.4
3rd floor conference room

Doors open at 4:45 pm

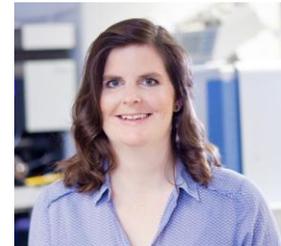

Free beer, drinks and snacks will be served!!

Methods covered

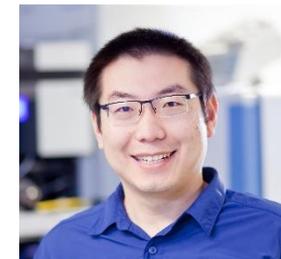

- Targeted Metabolomics
- Multiple Reaction Monitoring

Dr. Christina Ludwig
(Proteomics)

Dr. Karin Kleigrew
(Metabolomics)

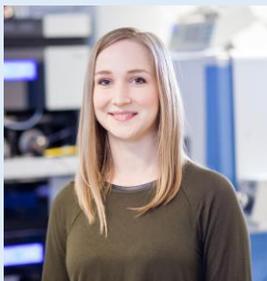

Dr. Chen Meng
(Bioinformatics)

Anna S. Weiss

Max von Pettenkofer Institute
Munich, LMU

„The nutritional and host environment determine community ecology and keystone species in a synthetic gut bacterial community“

Susanne Wudy

BayBioMS & Chair of Food
Chemistry and Molecular
Sensory Science, TUM

"High-throughput LC-MS/MS_{MRM} metabotyping in infant serum indicates early-life obesity risk patterns"
