

BayBioMS „Advanced Mass Spectrometry Seminar“

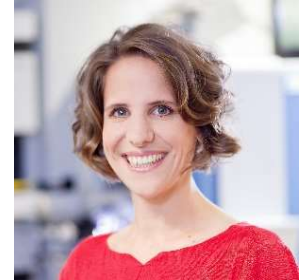

Under the direction of

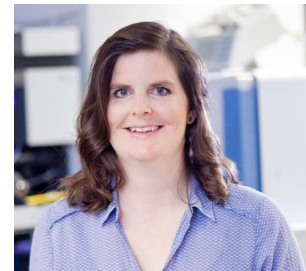

BayBioMS

baybioms@tum.de

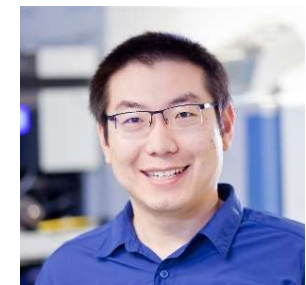

www.baybioms.tum.de

Dr. Christina Ludwig
(Proteomics)

Dr. Karin Kleigrewe
(Metabolomics)

Dr. Chen Meng
(Bioinformatics)

Methods covered

- Co-IP with Shotgun Proteomics
 - MS2 Spectra
 - Proteomic Profiling

When: Wednesday 26.04.2023, 5 pm

Where: IGZW, Gregor-Mendel-Str.4
3rd floor conference room

Doors open at 4:45 pm

Free beer, drinks and snacks will be served!!

Henriette Leicher

Chair of Phytophathology, TUM

„Regulation of plant powdery mildew susceptibility by the receptor kinase FERONIA “

Edwin Chingate

Chair of Urban Water Systems Engineering, TUM

"OrbiFragNets. A Tool for Automatic Annotation of Orbitrap MS2 Spectra Using Networks Grade as Selection Criteria"

Dapi Meng-Lin Chiang

Chair of Animal Physiology and Immunology, TUM

“Proteomic profiling of extracellular vesicles in head and neck cancer”
