Do you want to make an impact in the Munich biotech startup ecosystem? Then join us as part of the TUM Venture Labs. As the joint initiative by TUM and UnternehmerTUM, the TUM Venture Labs aim to transform Munich into the most advanced tech hub in Europe. We are domain-focused hubs that are strongly connected to the associated schools of our university. We address the entrepreneurial needs of students, researchers and founders in various high-tech fields. Especially, Life Sciences are one of the most exciting fields in the entrepreneurship sector. The TUM Venture Labs address this field with numerous support activities and, above all, a tailor-made infrastructure. For this purpose, the TUM Venture Labs have created lab space and genetic engineering facilities at the TUM School of Life Sciences. Locations at the Garching Research Center and the MRI will be added in the future. For the operation of our biotech-oriented infrastructure and ecosystem we are looking for a:

**Head of Biotech TUM Venture Labs (m/f/d)**

TV-L E13, preliminary limited to two years

**Key responsibilities:**

- Project leader and lab management (including employees) of our biosafety labs in Weihenstephan (Projektleiter S1)
- Further development and organization of our lab spaces and contact to authorities
- Management of our biotech-specific education programs, venturing programs and support of biotech startups
- Increase of the awareness about the TUM Venture Labs on the Weihenstephan campus, TUM-wide and externally
- Support and growth of our biotech innovation and startup network in the metropolitan area of Munich
- Outreach of our Biotech activities to the TUM Venture Lab ChemSPACE in Garching and TUM Venture Lab Healthcare at MRI

**Requirements:**

- University graduation (Ph.D., Diploma, Master)
- Qualification as project manager according to GenTG and GenTSV (min. 3-year experience with GMOs)
- Very good verbal and written communication skills
- Self-driven and pragmatic way of working with a high degree of commitment
- Strong team player, comfortable to navigate in a large and diverse stakeholder landscape
- Fluency in English and German

**We offer:**

- Work within a young, dynamic and highly motivated environment
- Become part of our unique network of exceptional research institutions, the TUM, UnternehmerTUM as Europe’s leading entrepreneurship center and leading industry partners
- Get insight into Munich’s deep tech start-up scene and work in one of the hottest fields of technological innovation
- Opportunity to advance this entrepreneurial ecosystem to the high-tech innovation center of Europe
- Opportunity to actively participate in an exciting scientific project

The position is initially limited to two years. Employment and remuneration are in accordance with TV-L E13.

As an equal opportunity and affirmative action employer, TUM explicitly encourages applications from women as well as from all others who would bring additional diversity dimensions to the university’s research and teaching strategies. Preference will be given to disabled candidates with essentially the same qualifications.

Please apply with a cover letter stating the earliest date of entry, CV and copies of your most important certificates by the 31.05.2023 via fab-venturelab@tum.de with the subject “Head of Biotech TUM Venture Lab FAB”.
