

# MTC2 Material Characterization & Preparation (Prof. Back)

Key  
instruments

MTC2.1 Solid state growth facilities (Prof. Back)

Competence  
Area  
Infrastructure

IS2.1 Single crystal growth & substrates (Prof. Schönert)

IS2.2 Atomic level control & nanostructuring (Prof. Back)

IS2.3 Protein expression & characterization facility (Prof. Simmel)

**General Infrastructure (IT, Mechanical workshop, Electronics, Cryo/Vacuum)**
